Subject: NCAA proposal

Maria,

Thank you for the document production and deposition proposal, I believe it is something we can work with, however, I do have a couple questions/changes:

1. At this time, the NCAA is not interested in having [redacted], [redacted], [redacted] or [redacted] deposed, although we may at a later date.
2. We are interested in having David Leshner deposed.
3. What are the geographic limits for the deposition subpoenas? David Leshner resides in California, is it possible to get him back to Miami for a deposition?
4. With the above-listed changes, could you provide me with a revised deposition proposal?
5. Lastly, once the document production expenses are paid, how long do you anticipate it will take to provide us the FBI 302 report summaries?

Thank you,
